## This is a complimentary program provided by your employer.

### job search assistance center

You'll have on-demand access to a pool of our highly experienced job-search experts, who can give you quick tips and guidance on job search skills, networking, interviewing, salary negotiation and more.

### job matching

Powered by our contemporary job-matching engine, RiseSmart scours millions of jobs on the web in mere seconds, then matches and ranks them based on your unique skills, experience, industry and preferred roles.

### DIY professional branding

In a few minutes, you can craft a professional resume, a powerful elevator pitch and an attention-getting cover letter using our guided, time-saving online tools.

### social media integration and networking

RiseSmart takes your social networking to the next level by showing you connections who can boost your job search or refer you to a specific company or job. Expand your network by connecting with other job seekers as well as RiseSmart alumni.

### career resource center

RiseSmart makes expert knowledge available to you at any time on any device via a searchable library replete with concise and relevant advice.

### integrated job search management

You will stay organized with our interactive job search management tools, which allow you to take notes and keep track of action items for individual jobs throughout your search.

## accelerate your career transition like never before

- The name of the game is speed. RiseSmart helps you discover the best job leads and provides on-demand resources to help you land a new job.
- Whether you stay on the same career path or pursue a new one, RiseSmart gets you where you want to go.
- Your company cares about your well-being and your career. That's why they've made sure you have RiseSmart's award-winning job search tools at your fingertips.
